Volodymyr Kraievskyi
Professor, Doctor of Economics, Professor of the Department of Management Accounting, Business Analytics and Statistics
University of the State Fiscal Service of Ukraine

ACCOUNTING AND ANALYTICAL SUPPORT FOR SIMULATING THE FINANCIAL STATE OF SMALL BUSINESSES

Rational use of financial resources in conditions of their limitedness and optimal combination with other types of resources in small businesses requires a systematic analysis and assessment of financial stability, profitability and solvency [1, p. 257].

References:

Based on the results of the conference, an electronic collection of abstracts will be published.
